

## LAMBOO APPLICATIONS

- HIGH TRAFFIC, HIGH USE AREAS
- COMMON AREAS
- LEED QUALIFIED BUILDINGS
- BACTERIA AND GERM PRONE AREAS

HOSPITALS / DR. OFFICES  
 CHILD CARE FACILITIES  
 BATHROOM PARTITIONS  
 HOTELS / HOSPITALITY  
 OFFICE BUILDINGS  
 RESTAURANTS  
 CHURCHES  
 SCHOOLS

## LAMBOO PROPERTIES:

- SUPERIOR RIGIDITY.
- OPTIMAL FOR ALL INTERIOR & EXTERIOR APPLICATIONS
- MILLS WELL (SIMILAR TO HARDWOOD) SOLID PANEL PRODUCTION THAT IS COMPLETELY UNIFORM.

## LAMBOO ANTI – MICROBIAL

BAMBOO IS THE MOST RENEWABLE PLANT ON THE PLANET. IT IS A GRASS THAT IS FOUND GROWING ALL OVER THE WORLD. OUR SPECIES SELECTION GROWS PRIMARILY IN ZONES 7 AND WARMER, WITH AN EMPHASIS ON SUSTAINABLE SOURCING. THE NATURAL ANTIBACTERIAL PROPERTIES OF BAMBOO FIBER COME FROM AN INBORN QUALITY OF BAMBOO COMMONLY KNOWN AS “BAMBOO KUN”. BAMBOO DOES NOT REQUIRE THE USE OF ANY PESTICIDES OR HERBICIDES THROUGHOUT ITS GROWTH CYCLE, DUE TO THIS ANTIFUNGAL, ANTIBACTERIAL AGENT. BAMBOO IS RARELY ATTACKED BY PESTS OR INFECTED BY PATHOGENS. THE SAME NATURAL SUBSTANCE PROTECTING BAMBOO GROWING IN THE FIELD, FUNCTIONS AS A REPELLANT TO BACTERIA WHEN THE BAMBOO IS IN ITS ENGINEERED FORM. THIS AGENT INCORPORATES BUILT IN ABILITIES TO FIGHT HARMFUL MICROBES THAT CAUSE ODDOR AND LEAD TO INFECTION AND DISEASE. ONCE THE BAMBOO IS CURED BACTERIA DOES NOT PENETRATE THROUGH THE LAMINATION LAYERS.

## LAMBOO FACTS

### WHO WE ARE:

LAMBOO INC IS A TECHNOLOGY COMPANY THAT IS RESPONSIBLE FOR BRINGING YOU THE FIRST STRUCTURAL GRADE ENGINEERED BAMBOO FOR THE BUILDING AND CONSTRUCTION INDUSTRIES. WE HAVE BROUGHT TOGETHER INNOVATIVE ARCHITECTS, STRUCTURAL ENGINEERS, MATERIAL SCIENTIST, AND BIOTECHNOLOGY PROFESSIONALS THAT STRIVE TO BE AT THE FOREFRONT OF CUTTING EDGE OF SUSTAINABLE DESIGN TECHNOLOGY.

ANTIMICROBIAL AND ANTIBACTERIAL TEXTILES, SUCH AS LAMBOO WINDOWS, DOORS, PANELS & VENEER, CAN PLAY A PART IN A STRATEGIC PLAN TO REDUCE HEALTHCARE ASSOCIATED INFECTIONS. TREATING INFECTED AND COLONIZED PATIENTS CAN BE MADE SAFER BY IMPLEMENTING LAMBOO DUE TO ITS EXTREME ANTI-MICROBIAL PROPERTIES. LAMBOO HELP COMBAT THE SPREAD OF A WIDE RANGE OF RESISTANT BACTERIA.
