For Immediate Release

### LAMBOO, INC. OPENS DOORS IN DOWNTOWN SPRINGFIELD ILL.

*Lamboo, Inc. Brings New Jobs and New Infrastructure to ILL.*

SPRINGFIELD -

After four years of hard work, dedication, research and development, Lamboo, Inc. has proudly opened its corporate office in downtown Springfield, ILL. Luke Schuette President of Lamboo Inc. and the board of directors have created a new initiative and product line, marking Lamboo, Inc. as the first company to receive International Code Council acceptance to complete a report release for the structural use of engineered bamboo in buildings. The report is expected to be released November of 2009.

Lamboo, Inc. is a community oriented business, creating manufacturing jobs, sales Jobs, logistic jobs, and consulting jobs in Illinois, giving back to the rich culture of Springfield, teaming with the University of Illinois for the 4<sup>th</sup> annual Solar Decathlon and bringing new life to the architectural, engineering and construction industries in the Midwest.

Lamboo, Inc. is devoted to making a difference in the environment by using more eco friendly, longer lasting products such as engineered bamboo building materials, window and door systems, panels and veneers, table tops and furniture. This company is not only producing products but leading an educational effort by teaching the benefits of living in a green environment and sustainable design. Lamboo, Inc. has set itself up to be a leader in the forefront for reusable sustainable products and is helping to protect the future for the next generations to come.

Lamboo, Inc. plans on operating out of its downtown location while expanding processing and logistics to other parts of Illinois. With the infrastructure in place and their efforts to remain an innovative company, Lamboo will be as sustainable as its products.
